Computer Ed.
This will take place in the computer lab on Tuesday at 11.45. As well as developing word processing skills we will be learning how to create PowerPoint presentations. Children will also be working on the Mathletics and Reading Eggs programs. We will also be utilising class sets of iPads in a range of subjects, using a variety of apps.

Homework
The homework endeavours to take into account busy family life, as well as reinforcing work covered in the classroom. If, for any reason, your child is unable to complete a section of their homework, a short note would be appreciated. However, forgetting to bring books home, or return them to school for marking, is not a reasonable excuse!

20 minutes of reading should take place every night and this should be recorded in the Home Reading Log.

Spelling– lists copied each night in Spelling Book and list words used in sentences to be completed by Thursday.

Mentals- Sets 3 & 4 are to completed by Friday. Please see me if you do not wish your child to complete the extension set (Set 4).

Contacting Me
If you need to meet with me at any time to discuss any matter, please either call the office, or write me a short note, so we can organise a suitable appointment time.

A Parent Information Evening is scheduled for Monday 23rd February at 6.50pm. I will be discussing other class matters on this night.
