Narrabeen Lakes PS Sports Selection Policy

The Primary Schools’ Sports Association (PSSA) was established with the aim to provide opportunities, inclusive of competitive team sports and carnivals, for the more able, talented sportspeople in schools, as an extension to school sports programs. Opportunities also exist for students to be selected to try out for district teams.

Our school policy for selection of teams and representatives are as follows:

- Notice will be given of the selection process to all the eligible students at least two days in advance.
- The coach will be involved in the selection process.
- The students will be informed of the selection criteria.
- Students will be selected on demonstrated sporting ability and sportsmanship, as judged by the selector/s.
- Participation within the selected team is contingent on school behaviour.
- The selected student is required to sign a code of conduct agreeing to be involved in set training sessions, look after sporting equipment and show positive sportsmanship in these exchanges.
