Dear Year 2 parents and caregivers,

Where has the year gone?

This term we will be studying the unit “Our Solar System” The students will be learning all about planets and space.

The students will be completing a unit of work in Personal Development. These lessons are designed to empower students to make informed and safe decisions based on their needs and requirements of feeling safe and belonging.

Year 2 will be continuing our exciting Mandarin lessons with Mrs Chen.

Homework will continue as usual this term. Please encourage your children to log on to Mathletics and Reading Eggs as these are wonderful tools in supporting work completed in the classroom.

Please ask your students if they require any equipment. We strongly recommend that all students have a pencil case with at least 2 lead pencils, a sharpener, a glue stick, an eraser and some colour pencils. This encourages a bit of personal responsibility for their belongings which will be important for Year 3.

School photos will be held later this term so please make sure your child is in full school uniform.

Please make sure an absent note is sent in to school when your child returns. It is most important for our school records.

We are looking forward to a very busy and fun term. Thank you for your continued assistance and support.

Kind regards,

Simon Alderton, Liam Chapman and Rob Zappia
